## FRENCH IN NORMANDY - DELF DALF PREPARATION COURSES

French in Normandy offers a range of preparation courses for DELF/DALF exams. Each course comprises 2 elements: lessons in international groups (maximum 15 students) to consolidate and improve the learner's language skills coupled with specific lessons presenting the preparatory techniques for the skills required to pass these exams.

These techniques are:

### Oral comprehension & expression

- ◆ The ability to respond to questions relating to short audio documents (news flashes, polls, commercials) or to longer audio documents (presentations, discussions, interviews)
- ◆ The ability to summarise an audio document (social sciences, pure sciences), articulate and present its contents clearly within the context of a debate with other French speakers
- ◆ The ability to produce an exposé based on several written documents, sustain a discussion and defend your own opinions with confidence
- ◆ The ability to express defend and argue a personal point of view about potentially controversial topics.

### Written comprehension & expression

- ◆ The ability to answer questions relating to 'un texte d'idées' (literary or press), or relating to a speech, a report, a literary text or article from the press
- ◆ The ability to produce a summary of several written documents (social sciences, pure sciences) of different lengths
- ◆ The ability to write a well-argued and solidly structured essay.
- ◆ The ability to analyse the content of a document and extract useful information from the text as it pertains to specific questions
- ◆ The ability to express defend and argue a personal point of view about potentially controversial topics.

The course focuses on the different linguistic components required to pass these diplomas namely grammar, vocabulary, written and conversational forms.

In the special DELF/DALF technique group lessons every student works to his/her level and we provide a programme tailored to their individual needs and personalised assistance from the first contact.

If students do not take the exam during their stay, the French in Normandy support service allows them to send us examples of exercises (from the course book included with each programme) and pieces of work which will be corrected and sent back to the student with feedback.
