■ Presentation

The Centre for Applied Linguistics in Besançon, a leader in the field of teaching French as a Foreign Language, offers you the chance to take an entirely online course taught by a team of experienced and qualified teachers.

■ Course objectives

Our program will help you to quickly improve your French language skills by working on both speaking and writing. You will be placed in a group of about 10 students of a similar level (according to the CEFR, Common European Framework of Reference for Languages).

■ How are our courses organized?

You can choose to follow a 30- or 60-hour online program. Every day, from Monday to Friday, you will have 3 hours of mainly live, online virtual classroom lessons. Classes will take place in the morning or in the afternoon, depending on your time zone. Courses will start every 2 weeks (the first two or last two weeks of each month) in June, July and August. A certificate of attendance and an assessment sheet showing your level of proficiency will be sent to you at the end of the course.

■ Going further

If you work for an organization which wishes to train several people, we can put together specific courses for groups of about 10 students (French for workplace communication and business, Academic French/Bridging Courses, etc.).
